PAINT WITH PLOOF

How fun!
Ploof has put
a bit of each color
on the brush.

Time to paint
our rainbow in the sky!
Fly, Ploof, fly!

UH-OH! It's so windy today!
Ploof is being blown every which way!

Can you try blocking the wind?
Make yourself really big to block it.

We all feel sad sometimes.

Each of us has a unique and powerful voice, whether we speak loudly or softly, sing or sign, or without any words at all. What matters is how we use that voice--because voices are meant to be used. THE IGUANODON'S HORN

MARCH 2024

HarperCollins Children's Books

48 pp | Ages 4-8

Highlighting the role of artists in the scientific process, this crowd-pleasing look at dinosaurs explores how new discoveries deepen our understanding of the world.

Ever since mysterious bones were found in 1822, scientists and artists have tried to figure out what the creature they came from looked like. But it seems that every time they've made up their minds, someone makes a new discovery, and they have to start all over. That's only fair, though—after all, it's how knowledge advances!

With an inviting tone and detail-filled art, Sean Rubin traces the process of defining—and redefining—the dinosaur called Iguanodon. Entertaining, accessible, and beautiful, his tale will delight dinosaur fans, budding artists, and anyone curious about how science really works.

"Lively, funny, and mesmerizing."

"The chipper text is entertaining and educational, packed with humorous asides and unexpected anecdotes without losing the overarching story. Younger readers will adore the arresting artwork, and older readers will appreciate the wealth of newfound knowledge. A terrific tribute to the adaptability of the scientific process and the wonders that it unearths."

- *Booklist* (starred)

"Rubin's pencil, watercolor, and digital collages portray the paleontologists and artists of each era alongside a rendition of the time period's signature dinosaur, with humorous asides from both species."

- *Horn Book* (starred)

"Via carefully cross-hatched pencil and digital collage, sprightly prose, and comic asides, Rubin surveys changing depictions of dinosaur anatomy and presents those changes as examples of science as 'a process that never ends.'"

"Warm and fluidly told, it's a lovely starting point for discussions about the natural world."

- Publishers Weekly (starred)

Derived from Mexican Mesoamerican wisdom, this series of poetic board books center around establishing an authentic, heartfelt connection with and respect for nature.

Using Mexican concepts, this poignantly lyrical series invites young children to pay witness to nature, to value it, and to become a steward of the planet. Acclaimed middle-grade author Aida Salazar lovingly turns her attention to the youngest readers, bringing her signature lyrical text, in English with a few Spanish words interwoven. FOREVER AND ALWAYS

JANUARY 2024
Greenwillow/HarperCollins
40 pp | Ages 4-8

REVIEWS

"The family here prays and waits while trying to think well of the world, that all will be okay, when actually they have evidence that sometimes fathers leave and never return... It's hard to express how effective Thurman's restraint is. Feelings, worried looks, and palpable tension in the beautiful painterly illustrations are the only clues of the pain this family feels during every moment of separation until Daddy returns home, safe... So understated that it's sure to give flight to discussions, this book offers a reality right out of the headlines, but by leaving it child-sized has a huge impact."

- *School Library Journal* (starred)

"All day long, a young Black girl hopes her father will return from work.... From cover to cover, this book feels like a love song, with sheet music woven throughout the background. The digitally created art has a collagelike feel; deft use of shadow and texture makes the images appear almost three-dimensional in places. Tender and intimate, this is a book that will soothe children enduring the same worries as Olivia.... A balm for little ones grappling with harsh realities."

- *Kirkus Reviews* (starred)

In this lyrical picture book from two breakout picture book creators, a young Black child waits for—and worries about—her father while he's away from home. A sensitive, poignant portrayal of a family's worries, joys, and comforts, to sit alongside books by Jacqueline Woodson and Christian Robinson.

Every night when Daddy gets home from work, Olivia gives him a big hug and knows that the evening will be full of love—and fun. Together, she, Daddy, and Momma will make a feast for dinner, clean up, dance to old-school tunes, and read stories. But every morning when Daddy goes to work, Olivia worries, worries, worries. Be safe, she and Momma tell him. But what if he isn't? Sometimes other people aren't, like the people Olivia sees on the news. Thud, thud, thud, goes Olivia's heart. Thump, thump, thump, all through the long day, until she hears the jangle of Daddy's keys announcing he's home.

BOY 2.0

Win “Coal” Keegan has just landed in his latest foster home, with a big, noisy, slightly nosy family named the McKays. They seem eager to welcome Coal, but he’s wary of trusting them. So, he doesn’t tell them that he went for a walk with chalk in his pocket to cover a nearby street with his art. He doesn’t tell them that a neighbor found Coal drawing, pulled a gun on him, and fired it. He doesn’t tell them the police chased him. And he definitely doesn’t tell them that when everything went down, Coal somehow turned invisible.

But he did.

Now he has to figure out how. Is he a superhero? Some kind of mutant? A science experiment? Is that why he has no family of his own? As Coal searches for answers and slowly learns to control his invisibility, he turns to the McKay kids and friends both new and old for help. But they soon discover they’re not the only ones looking for a Black boy with superpowers, and the situation is far stranger—and more dangerous—than they ever could have expected.

Can love break your heart-literally?

For Elio, eighth grade fizzes with change. In his body. With his pops, who makes them join a father-son group to talk about puberty and manly stuff and being Mexican. And especially around Camelia, his first girlfriend, whose golden aura distorts his vision.

When Elio finds out Camelia has been hanging out with Chava, and that he's been pressuring her into kissing him, Elio's emotions spiral and he craves revenge. Little does he know a fight with Chava will land him in the hospital with a real heart condition, and that Camelia isn't looking for a savior. What will it take for Elio to learn what it really means to be a man, a true friend, and an ally?

In poems that radiate color and crackle with comedy and candor, *Ultraviolet* digs deep into themes of consent, toxic masculinity, and the emotional lives of boys as it challenges stereotypes about how they are socialized to behave. This vibrant, authentic story, centering an irresistible Chicano hero struggling to figure out who he wants to be, is the highly relatable coming of age story every tween and young teen needs.

REVIEWS

"Stunning...A story that sings to the soul."

When he's discovered by the condescending and brilliant apprentice Ramsay Thorne, Ash is sure he's about to be arrested—but instead of calling the reds, Ramsay surprises Ash by making him an offer: Ramsay will keep Ash's secret if he helps her find the legendary Book of Source, a sacred text that gives its reader extraordinary power.

As Ash and Ramsay work together and their feelings for each other grow, Ash discovers their mission is more dangerous than he imagined, pitting them against influential and powerful alchemists—Ash's estranged father included. Ash's journey takes him through the cities and wilds across New Anglia, forcing him to discover his own definition of true power and how far he and other alchemists will go to seize it.

Featuring trans, queer, and polyamorous characters of color, *Infinity Alchemist* is the hugely anticipated young adult fantasy debut from the extraordinary author of *Felix Ever After*, *King and the Dragonflies*, *Queen of the Conquered* and more.

A sequel is scheduled for 2025.

Kacen's next YA novel, *We Are Villains*, will be published in 2025 with Abrams.

Zay's ma always said his mouth would get him in trouble. Sure enough, it got him into his first and only fight in his junior year of high school. Expelled from his district, Zay's only hope for redemption is to transfer to Broadlawn Alternative School and complete the year.

Zay isn't thrilled about the disgusting school lunch and classroom trailers at Broadlawn, and boarding with his aunt Mel and her live-in boyfriend isn't the greatest. But he'd rather be there than in the city dealing with his estranged father, his overbearing mother, and the fallout from his fight. Besides, Broadlawn has Feven, the beautiful new student Zay is starting to get to know—and fall for.

Still, first love is rarely a fairy tale, and as Zay's time in Broadlawn comes to an end, he learns that shaping yourself within a new place is a lot harder than letting it shape you.

A tender contemplation of first love, broken families, and healing generational trauma by an incredible voice in young adult fiction

Seventeen-year-old Libertad Morazán finds solace in writing politically-charged poetry for her anonymous Instagram account, and in her longtime friend Camila, who she almost-kissed and who lately seems to hold Libi's hand and eyes two seconds too long.

As the presidential election looms and life in 2017 Tegucigalpa, Honduras gets louder and faster, Libertad's Mami and Abuela work longer hours, her brother Maynor disappears at night, and protests seem to rage in every corner of the city. And while politics threaten to tear her own family apart, things come to a head at home when Mami finds texts on her phone referencing a kiss with a girl, and Libi discovers that Maynor is part of the dangerous student-led protests of his university.

As Libertad faces the political and social corruption around her, stifling homophobia at home and school, and ramped up threats to her poetry online, she begins dreaming of a future in which she doesn't have to hide who she is or worry about someone she loves losing their life just for speaking up. UNDER THE HERON'S LIGHT

OCTOBER 2024
Feiwel & Friends/Macmillan
352 pp | Ages 12+

On a damp night in 1722, BabyLou Mac and her three siblings witness the murder of their mother at the hands of the local preacher's son—so BabyLou kills him in retaliation. With plantation dogs now on their heels, the four siblings breach the treacherous confines of the Great Dismal Swamp. Deeper and deeper into Dismal they delve, amid the biting moccasins and pitch-black waters, toward a refuge where they can live freely within the swamp's natural—and supernatural—protection.

Three-hundred years later, college student Atlas comes home to North Carolina for the annual Bornday cookout and hog roast: a celebration of the fact that she and her three cousins were all born on the same day nineteen years ago, sharing a birthday with their GrannyLou. But this Bornday, GrannyLou's usual riddles and folktales about a marvelous paradise deep in the Great Dismal Swamp start to take on a tangible quality. Change coming.

When Dismal calls, sucking GrannyLou in, it's up to Atlas and her cousins to uncover the history that the black waters hold. Centuries of family tension, with roots all over Virginia and North Carolina, are about to be dug up. Because BabyLou and GrannyLou are one and the same, and the power she helped cultivate hundreds of years ago—steeped in Black resistance, familial love, and the otherworldly mysteries of the Great Dismal Swamp—is bubbling back up. But so is a bitterness that runs deep as the swamp's waters. And some are ready to take what they feel they're owed.

YOU'RE BREAKING MY HEART

JANUARY 2024
Levine Querido
304 pp | Ages 12+

Harriet Adu knows that her brother's death is her fault. I mean, it's not actually her fault, but it still kinda is, isn't it?

The girl speaks of a place underneath the subways of New York, where people like them can go and find a home. A place away from the world of high school, grief, cool people, and depression. PUNK ROCK KARAOKE

APRIL 2024

Viking/Penguin Random House
256 pp | Ages 12+

A debut young adult graphic novel from Ignatz Award-winning and nationally syndicated cartoonist, Bianca Xunise.

When life gives you guitars, smash them! School is out for summer and Ariel Grace Jones is determined to make it one for the books! Together with their bestie bandmates, Michele and Gael, Ariel believes they're destined to break into the music industry and out of Chicago's Southside by singing lead in their garage punk band, Baby Hares.

But before Baby Hares can officially get into the groove, the realities of post grad life start to weigh on this crew of misfits. Ari begins to worry that it's time to pull the plug on their dreams of making it big. Just when all hope feels lost, a fellow punk and local icon takes an interest in their talent. It seems like he might be the only one Ariel can rely on as frustrations between bandmates reach at an all-time high.

Punk Rock Karaoke is a coming-of-age tale that draws upon the explosive joy of the underground scene, while raising questions about authenticity, the importance of community and what it means to succeed on your own terms.

REVIEWS

"An electrifying tale of passion and the pursuit of punk dreams in this graphic novel debut. . . Utilizing a gripping narrative, relatable situations, and evocative artwork with an aesthetic that oozes with late-1970s zine flair, Xunise imbues this comic with a fervent exuberance that embodies the ethos of punk: being real and true to oneself, building community around unfettered self-expression, and creating lasting art that doesn't subscribe to the mainstream."

- *Publishers Weekly* (starred)

"A vibrant, inclusive, feminist, punk-rock homage, guide, and coming-of-age story."

- *Kirkus Reviews*

"Incredibly grounded in its neighborhood and scene, this is a great ride from start to finish."

128 pp | Ages 8-12

You've read the book. You've seen the movie. Now submerge yourself in the thrilling, stunning, and action-packed graphic novel.

Mythological monsters and the gods of Mount Olympus seem to be walking out of the pages of twelve-year-old Percy Jackson's textbooks and into his life. And worse, he's angered a few of them. Zeus's master lightning bolt has been stolen, and Percy is the prime suspect. Now, he and his friends have just ten days to find and return Zeus's stolen property and bring peace to a warring Mount Olympus. Series creator Rick Riordan joins forces with some of the biggest names in the comic book industry to tell the story of a boy who must unravel a treachery more powerful than the gods themselves.

A FESTIVAL OF GHOSTS

MAY 2019
Margaret K. McElderry
Books/Simon & Schuster
228 pp | Ages 8-12

Rosa Diaz has her hands full of hauntings. She saved the town of Ingot by unleashing all the ghosts who were previously banished. Now, like the rest of the world, Ingot is filled with spirits and poltergeists. Unlike the rest of the world, the town's living residents have no idea how to cope, and some of the ghosts are holding century-old grudges.

When something supernatural starts stealing kids' voices at her school, Rosa is charged with solving the voice-snatching mystery. It doesn't help that many of her classmates still blame her for releasing all of the ghosts in the first place. Rosa also suspects that she may be haunted herself.

Meanwhile, her best friend Jasper deals with the wreckage of the Renaissance Festival, his family's former pride and joy. Ghosts from the town are clashing with ghosts from the festival, and the fairgrounds are closed to all. Is it possible to appease every kind of haunting?

A PROPERLY UNHAUNTED PLACE

Rosa Ramona Díaz has just moved to the small, un-haunted town of Ingot—the only ghost-free town in the world. She doesn't want to be there. She doesn't understand how her mother—a librarian who specializes in ghost-appeasement—could possibly want to live in a place with no ghosts. Frankly, she doesn't understand why anyone would.

Jasper Chevalier has always lived in Ingot. His father plays a knight at the local Renaissance Festival, and his mother plays the queen. Jasper has never seen a ghost, and can't imagine his un-haunted town any other way. Then an apparition thunders across the fairgrounds and throws the quiet town into chaos.

Something otherworldly is about to be unleashed, and Rosa will need all her ghost appeasement tools—and a lot of help from Jasper—to restore peace to her new home.
